

CALLING ALL RESIDENTS OF GREENLAND!

The 4th Annual Town Wide Yard Sale is being held on Saturday, July 18 from 8 am to 2 pm, in conjunction with the Jason Hussey Community Day. As in years past, this is a fundraiser for the sponsoring organization, which changes each year. This year's sponsor is the Community Church of Greenland. Proceeds from the sale of advertising for the yard sale will be earmarked for the church's mission trip to the North Parish Housing Ministry program in Farmington, Maine this summer. The program offers housing repair and rehabilitation services to low income families in rural Franklin and Somerset Counties, and several church members will be participating.

Your donation of \$20 will pay for extensive advertising of your sale through all local newspapers, community calendars and postings throughout the area. There will also be a map of all properties holding yard sales printed and available at the town hall during the previous week, as well as at other Jason Hussey Day venues on that day. This has become a very popular (and profitable) event for both sellers and tag sale shoppers. Don't forget to tell your neighbors!!---the more yard sales + shoppers, the better!

The cost to participate in the town wide yard sale is \$20. Please make checks payable to Community Church of Greenland (note "Yard Sale" in the memo), and send to P.O. Box 128, Greenland, NH 03840. Please contact Martha Bates for further information: bayridge@comcast.net; Home # 430-0110, Cell # 828-8201. Participation forms will be emailed or sent to you upon request, or they can be picked up at the church or the town hall.
